

PDG 9500 Plus

Concrete Grinder

The SASE PDG 9500 Plus is one of the most efficient and versatile floor grinders in the industry. With its convertible shroud changing from a massive 36" grinding path down to the industry standard 32" grinding path if needed. New features includes an easy to use, integrated weight system with four positions for less, more and neutral grinding pressure and front and back LED lighting.

FEATURES

- ▶ Low profile expanded grinding head allows you to grind under toe kicks & retail store shelving.
- ▶ Powerful 20 HP motor.
- ▶ 36" Grinding width with removable shroud allowing it to be converted back to standard 32" grinder.
- ▶ Unit ships with interchangeable (3) standard 11" QCS plates & (3) 17" QCS plates.
- ▶ Perfectly balanced and purpose built for low maintenance.
- ▶ 36" width cut is for light grinding & polishing only & not for heavy stock removal. For heavy stock removal convert to a 32" grinding width.
